E1000PRO - Handheld Label Printer

Fast, Durable Labeling for Wire, Cable, and Panel Identification

The E1000PRO is a rugged, handheld thermal label printer built for electricians, technicians, and facility crews who need durable labels on the job. Printing directly onto thermal transfer tape from 3.5mm to 12mm wide, the E1000PRO produces sharp, fade- and water-resistant labels for wire wraps, cable flags, panel faceplates, and general equipment identification. Dedicated Cable Wrap and Cable Flag modes, along with barcode printing in eight common protocols, make it a practical tool for cable management, panel labeling, and asset tracking. Powered by USB-C or AAA batteries, with on-device memory for up to 15 saved labels, the E1000PRO delivers reliable labeling wherever the job takes you.

Key Features:

- **Sharp, durable thermal transfer printing (203 DPI) on 3.5mm to 12mm tape, up to 4 lines of text**
- **Dedicated Cable Wrap and Cable Flag modes for fast, accurate wire and cable identification**
- **Barcode printing in 8 protocols for panel, equipment, and asset labeling**
- **Multi-copy editing - queue up to 20 different labels and print them back-to-back**
- **Stores up to 15 labels in memory for instant recall and reprinting**
- **Powered by USB-C or AAA batteries - ready to use at a bench or in the field**

Applications:

- Wire and cable identification and wrapping
- Electrical panel and breaker labeling
- Patch panel and network equipment labeling
- Asset tagging and inventory control (barcode)
- General facility and equipment labeling

Users:

- Electricians and electrical contractors
- Industrial maintenance technicians
- IT and network installation technicians
- Facilities and safety managers
- Field service technicians

Specifications

Features	
Tape Width & Max Lines	3.5mm / 6mm: 1 line; 9mm: 3 lines; 12mm: 4 lines
Max Print Width	9mm (on 12mm tape)
Print Technology	Thermal transfer
Print Resolution	203 DPI
Print Speed	20mm/s
Cutting Method	Manual cutting lever
Auto Power-Off	5 minutes of inactivity
Automatic Memory	Yes (retains last label between sessions)
Ribbon Tightening	Supported
Stored Labels	Up to 15 labels, 80 characters each
Barcode Protocols	CODABAR, CODE39, ITF25, CODE128, EAN-13, EAN-8, UPC-A, UPC-E

Easy label cartridge installation with fast reliable printing at virtually any job site.
